What was the function and relevance of the organization?	To inform students about opportunities for adult education
Aims of the Activity	To inform students about opportunities for adult education in an international level
Activity keywords <i>Max. 5 keywords</i>	International networks, project management, best practices, informing, motivating
Activity description <i>Max. 2500 characters</i>	Retzhof Castle presented the idea of its international orientation. In Green Shape was chosen as good practice example of a working partnership. With the project the students got the practical content to project management, community development and international networks. After that the students had the chance to ask everything about the project and cooperation's. In that way the idea of the project and the idea of supporting small businesses and succeed awareness has been reached.

Activity date (day or period)	May 2015
Name/s of implementing partner/s	South Styria
Country/ Region/ City	Austria/ Styria
Target sector/ Target group	Stakeholders of the Austrian Itinerary
Number of participants	9 organisation
Which institutions/ organizations were targeted?	
Organization type	Brewery, Roman Cave, Guardhouse, Roman City Flavia Solva, Seggau Castle, Pasta Factory, Winery, Oil Mill, Municipal Office
What was the function and relevance of the organization?	above
Aims of the Activity	To support small rural businesses & partners, support the idea of accessibility for everybody
Activity keywords <i>Max. 5 keywords</i>	Accessibility for everybody, regional networking
Activity description <i>Max. 2500 characters</i>	All stakeholders of the Austrian Itinerary have been contacted and asked about their accessibility for blind people, people in wheelchairs etc. After the conversations we could realise that this was the first step to make some organisations think about the accessibility for all people and not to exclude a group of people.
